V1 Integration with Sage 200cloud Professional
Spring 2019 edition

Release Note

Updated – 15th July 2019

Introduction

We are pleased to announce the release of the Sage 200 integration package for Sage 200 Spring 2019 edition.

Sage 200 Version Support

This release supports the following versions of Sage 200:

- ▶ Sage 200cloud Professional Spring 2019 edition

Major Features & Changes

The V1 integration points with Sage 200 have been recompiled to support Sage 200cloud Professional Spring 2019 edition. These integration points are:

- ▶ “V1 Documents” drill-down buttons in Sage 200, which retrieves images in SmartRetrieve.
- ▶ DbCapture “Accept” button – creating non-POP purchase invoice transactions.
- ▶ DbCapture “Accept” button – creating POP purchase invoice transactions.
- ▶ DbAuthorise – remove the query flag from Sage 200 transactions.
